

# GIC 2026

**Theme: Genome to Bioeconomy - Innovation, Impact and Economic Transformation**

# The Largest Genomics Festival of India

## PRE-CONFERENCE WORKSHOPS - DAY 1 (SEPT 1)

Get ready for our thrilling lineup of workshops at GIC 2026

- AI Driven NGS Data Analysis - By Genotypic Technology
- Metagenomics for Clinical and Environmental Applications - By TIGS
- AI driven Multiomics - By IISc
- Phenomics in Modern Agriculture – By UAS and QTLomics Technologies
- Statistical Genomics – By NCBS

## MAIN CONFERENCE - DAY 2 (SEPT 2-3)

Centered around four key themes AgriGenomics, AI/ML, Health Tech, and Research the sessions will dive into real-world applications, emerging technologies, and future directions shaping the genomics landscape.

From insightful discussions to high-impact networking, the conference creates a platform where established experts and aspiring researchers can engage with key opinion leaders and global pioneers opening doors to ideas, collaborations, and innovations that extend well beyond the event.

### JOINTLY ORGANIZED BY

### IN ASSOCIATION WITH

### INDIA'S LARGEST & MOST INFLUENTIAL GENOMICS GATHERING

GIC2026 conference will bring together scientists, innovators, industry leaders, startups and policymakers working to translate genomics research into real-world biotechnology solutions and economic opportunities. GIC 2026 will also provide a vital platform for Indian biotech startups, MSMEs, and emerging innovators to showcase technologies that contribute to the country's growing bioeconomy.
